III

[This section should provide the justification for issuing the Order, in light of the facts described in Section II, e.g., "Based on the above, it appears that the Licensee has willfully violated NRC requirements (has demonstrated careless disregard for NRC requirements and/or has violated NRC requirements) (and has provided false information to NRC inspectors (investigators))." This section should also describe how the violation or careless disregard adversely affects public health and safety. "Moreover, the Commission must be able to rely on its licensees to provide complete and accurate information. Consequently, I lack the requisite reasonable assurance that the Licensee's current operations can be conducted under License No. _____ in compliance with the Commission's requirements and that the health and safety of the public, including the Licensee's employees, will be protected. Therefore, the public, health, safety and interest require that License No. _____ be modified to require (prohibit) _____. In the absence of any request for hearing, or written approval of an extension of time in which to request a hearing, the provisions specified in Section IV above shall be final 20 days from the date of this Order without further order or proceedings. If an extension of time for requesting a hearing has been approved, the provisions specified in Section IV shall be final when the extension expires if a hearing request has not been received.
